## NEW YORK STOCKS WASHINGTON RAILWAY QUIET, UNCHANGED AND GAS STOCKS LEAD

Nominal-Some Slight Changes Both Ways. Gossip.

NEW YORK, April 22 .- The opening of that of yesterday morning, very dull, indetermined, and with some concesthere were stocks in which there was a tric light company at the same time. fair volume of trading. The engagement of several millions of gold for ex-

advance rates, as the alternative to cutting wages.

It was expected that the banking interests of New York would look with favor on a scheme to advance prices and give the market a good show of strength to aid in financing the necessities of the Pennsylvania.

Up to the hoon hour the important changes included gains of ½ to 1½ in Lead, Distillers, Republic Iron and Steel preferred, a point in Missouri Pacific, 2 points on Soo Ste. Marie, and \$400 to Baltimore and Ohio and Reading. Other changes were of little or no importance, just shadings in the list. Entering the second hour of the afternoon the market became almost lifeless. Brokers' offices were deserted, and the ticker was idle for minutes at a time. The range of prices, save on a few specialites, showed practically the same quotations as at the close of business on Tuesday. There may be a decided change between 1:10 and the final close, but at that time individual cases alone showed the slightest fluctuations, the average being normal and unchanged.

Market Little Better Than A Very Strong Market-The Former Touches 80-New Stock Listed.

Fireworks were turned loose on the local stock exchange again today and new highs on this movement were made on Washington Rallway and Electric common, preferred, and also on the bonds. Even Mr. Simms might consider himself in luck to have a few thousand shares of the preferred stock of the local utility, even if it does own the electric light company at the same time.

This bond issuc will be strongly underwritten by a New York syndicate, and an effort will be made to market them abroad, so the first will be, in a way, a test of the forwign market in regard to its confidence in Americans.

It is a hard market to guess. On one side is the report that dividends are going off and on the other, the story of probable advance in freight rates. The roads east of the Missouri river are making an earnest effort to advance rates, as the alternative to cutting wages.

It was expected that the banking interests of New York would look with favor on a scheme to advance prices and give the market a good show of strength to aid in financing the necessities of the Pennsylvania.

Up to the moon hour the important changes included gains of ½ to 1½ in Lead, Distillers, Republic Iron and Steel preferred, a point in Missouri Pacific, 2 points on Soo Ste. Marie, and \$6.60% on Raltimpter and Ohio and Read.

Stockholders in the Traders National have the option of taking \$120 in cash for their stock or share for share, in new \$100 par value shares of the Mer-chants and Mechanics Bank. The listing committee of the Stock Exchanage today listed \$100,000 new Merchants and today listed \$100,000 new Merchants and Manufacturers Savings Bank stock, par value \$100 a share, and took the old Traders stock from the trading list.

The stock of the Merchants and Mechanics Bank will open tomorrow with \$120 bid, and will be held there for some time to come, when it is expected that it will score a material advance, on its earning power and merits. Messrs. Bell, Hume, Williams, and Flather have been appointed a committee on new location for the local stock exchange. Communications on this subject should be referred to any of the gentlemen named, or to C. J. Bell, chairman.

Carpenter, of Grace Protestant Episco The House bill provided for \$150,863,000. The increase is largely due to the fact that the Senate committee desired to allow \$12,000,000 for widows' pensions, in of which the deceased was a member. dance with the Sulloway bill.

The remainder of the increase is made necessary by the fact that the Senate committee made provision for continuing in existence the seventeen pension agencies in different parts of the country, which the House decided to abolish. The House plan was to center all the pension business in Washington, but the Senate committee thought it would be better for the present to maintain the existing agencies.
